

Dear Friend,

Corporate sponsorships have gone hog wild!!! Who wouldn't want to be one of the first businesses to sponsor one of these little ones?

Pig Placement Network is a nonprofit organization located at Ross Mill Farm in Jamison and is the home to over 120 pet pot-bellied pigs that have been rescued or surrendered. Our 3 year Strategic Plan is to become both an educational facility for colleges/universities, as well as a tourist destination in Bucks County. With both bringing great marketing exposure, we are reaching out to a few businesses in Bucks County who may want to sponsor one of our pigs.

Your sponsorship will provide the pigs with food, housing and healthcare. Attached are short stories about each of the pigs, as well as a sheet outlining the benefits for the various levels of sponsorships. As a thank you at any level, you will receive:

- ◆ A "Snout-Out" on all of our social media forums reaching over **25,000** people
- ◆ A framed picture of the sponsored pig for your office
- ◆ Your business listed on our websites

I'd love to personally invite you for a tour of the farm so you can see first-hand how impactful your donation will be. Please reach out to me directly on my cellphone at 267-981-4948 if you are interested in visiting the farm or would like to sponsor one of our amazing pigs. Thanks to the amazing support from people like you, together we are making a difference one pig at a time!

Gratefully,
Michelle Rich-Bonn,
Director of Development and Operations
